

RESTRICTED USE PESTICIDE

DUE TO HAZARD TO NON-TARGET SPECIES

For retail sale to and use only by certified applicators or persons under their direct supervision and only for those uses covered by the certified applicator's certification.

SUPPLEMENTAL LABELING

FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF WASHINGTON

This label is valid through December 31st, 2016 or until otherwise amended, withdrawn, cancelled or suspended.

Prozap[®] Zinc Phosphide Pellets

EPA Reg. No. 61282-49
EPA SLN No. WA-050016

DIRECTIONS FOR USE:

- It is a violation of federal law to use this product in a manner inconsistent with its labeling.
- This labeling must be in the possession of the user at the time of application.
- Follow all applicable directions, restrictions, and precautions on the EPA registered label.

CROP / SITE:

- Cottonwood / hybrid poplar plantations and adjacent non-crop areas.

PESTS:

- Meadow voles (*Microtus pennsylvanicus*), mountain voles (*M. montanus*), long-tailed voles (*M. longicaudus*), and Oregon voles (*M. Oregoni*).

APPLICATION METHODS/RATE/TIMING:

- **Broadcast Baiting:** This product may be applied broadcast by aircraft, cyclone seeders, or by hand. When applying bait by hand (wear rubber gloves during hand broadcast applications) throw tablespoon amounts into heavy cover along the tree rows. Apply bait at rates of 5 to 10 pounds of bait per acre. Apply the product where infestations are known to be present and where there is sufficient cover to hide the pellets from plain view.

RESTRICTIONS / PRECAUTIONS:

- Do not apply to bare ground.
- This product is toxic to wildlife and fish. Birds and other wildlife feeding on treated pellets may be killed. Do not apply to open ground, roads and areas in which no vegetation occurs. Pick up and properly dispose of all spilled toxic pellets. Do not apply this product directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply where runoff from this product will enter an aquatic system. Do not contaminate water when disposing of equipment washwaters. Check for and dispose of excess or spoiled pellets and carcasses daily until the pellets are expended or are removed.

- Prozap® Zinc Phosphide Pellets should not be used under this SLN label where impact on listed threatened or endangered species is likely. You may refer to the WSDA Endangered Species Program web site at <http://agr.wa.gov/PestFert/NatResources/EndangSpecies.aspx>, or contact the Washington Department of Fish & Wildlife, National Marine Fisheries Service (NOAA Fisheries) or US Fish & Wildlife Service for information on listed threatened or endangered species. Consult the federal label for additional restrictions and precautions to protect listed species.
- Do not use this product within one mile of the known range of the pygmy rabbit (*Brachylagus idahoensis*). The pygmy rabbit is known to occur in southern Douglas County and may occur in northern Grant County.

WSDA CONTAINER DISPOSAL GUIDANCE:

Completely empty the contents of the paper container into application equipment, and apply to a labeled crop or site. The empty container may be disposed of in a sanitary landfill. Burning is not a legal method of container disposal in Washington.

This label for Prozap® Zinc Phosphide Pellets expires and must not be distributed or used in accordance with this SLN registration after December 31, 2016.
