

Stress-Dex® Gel

Oral Electrolytes

Item No.	Description
79182	Stress-Dex® 60 mL Syringe, 12/case

Description

Stress-Dex® is a balanced electrolyte gel for horses to be used as a supplemental source of calcium, phosphorus, salt and potassium.

Storage

Store in a cool, dry place with lid tightly closed.

Directions for use

Provide ample drinking water. Administer one full syringe directly onto the back of the horse's tongue. Administer no more than two syringes per day.

Ingredients

Dextrose, salt, potassium chloride, dicalcium phosphate, hydrophobic silica, saccharin sodium, artificial coloring, artificial orange flavor.

Guaranteed Analysis

Calcium	Min.	1.0%
	Max.	1.4%
Phosphorus	Min.	0.8%
	Max.	6.7%
Sodium Chloride (Salt)	Min.	6.0%
	Max.	6.7%
Potassium	Min.	3.0%
	Max.	73%

Features

Highly palatable, appetizing orange flavor.

One syringe equals one full dose.

Great for horses "on-the-go."

Warning

For veterinary use only.

Keep out of reach of children.

Not for human use.
